# Letter from the President

Mark Hooker

September has arrived and some of our winter residents will be returning.

The Labor Day Picnic is September 4<sup>th</sup> at 1:00pm in the clubhouse. Real Estate will be sponsoring the picnic. I am not sure what will be served. There will not be a charge.

This area is about 5" below normal for rain, and the temperature is about 95 degrees each day and a heat index of about 105 degrees to 110 degrees with very high humidity. **It is HOT!**

Just a reminder when you trim your trees and shrubs, the waste goes in clear plastic bags, and the limbs must be cut into 4-foot lengths and bundled. The trash contractor will not pick up any bags with household waste and yard waste mixed. If the yard waste gets into the trash compactor, Golf Lakes can be fined. Clear plastic bags can be purchased in the office. Yard waste bags must be 40 pounds or less, or they will not be picked up.

Hopefully by the first of the month, or a little later, the palm trees will be trimmed. The company we had been using went out of business. We are looking for another tree trimming company.

Tracy continues to do a good job as Manager. I enjoy working with her. If you have not met Tracy yet, stop by the office and introduce yourself. I am sure she would enjoy meeting you.

This has been a difficult summer with deaths in my wife's and my family. That is part of life. We wish all the residents who are traveling a safe trip. We will be glad to see you return to Paradise in the Sun.

Mark Hooker

## Keep Your Property Safe

*See Something Say Something*

- ⇒ Lock your cars, golf carts, bikes, and doors
- ⇒ Turn on your yard lights at night (even when away)
- ⇒ Call 911 (*not your park representatives*) and report any suspicious activity, solicitors, vehicles, etc...

## DON'T FORGET

Baby Pictures

Don Raymond has found a way to mix it up at social hour. Everyone is to bring in a baby picture and they will be shown on the screen before social hour to see if we can guess who that baby is -- all grown up and living at Golf Lakes. It sounds like fun.

During the current times we wanted to let you know that we are taking as many precautions as we can to ensure not only our workers safety but yours as well. We check workers' temperatures each morning and have limited the amount of contact our crews have with each other. Our crews work in Tyvek suits with respirators which helps to ensure your safety as well as theirs.

As a company, we want your business and there is no need for any contact if you so choose. Our business is deemed an "Essential Business" and we are here for you when you need us. You can schedule your inspection by calling 1-800-681-3772.

## Report

Despite the extreme heat, lack of rain and being short-handed with maintenance personnel, we have managed to keep things looking good and have made great strides toward completing all of the summer projects.

The new pavers leading to the bridge are complete and it looks like we have found some wonderful resident volunteers to build and install new railings. We will be wrapping up the final segment of the sanitary sewer lateral lining in the next few weeks. The fitness building is being painted; the clubhouse floors are being burnished and polished; the irrigation along 53<sup>rd</sup> is being repaired, as well as, all rain sensors being inspected and replaced as needed.

We unfortunately learned that our longtime tree trimming vendor, ArborX, has had to close their doors and will not be able to perform the annual tree trimming. We are searching for a replacement vendor but it may take a while to get someone back on the schedule, so please be patient.

The first draft of next year's budget is complete and will be reviewed by the Budget and Finance Committee. The Board will then vote on the Budget in December, after which it will be provided to all residents. The Board will discuss the budget in its entirety at the first Board Meeting in October and again at the Budget Meeting the first Thursday in December.

While the Tie Down Program hit a snag, StormReady will be returning soon to complete their first round through the park. Be sure you get your home ready to receive the tie-downs if you have signed up for the program. Details are still available in the office and it is not too late to sign up.

We look forward to seeing everyone again. Safe travels and see you all soon.

### *Hope you are enjoying the New Banner*

There have been some "changing of the guards" lately with Committee Chairs and Activity Groups, so please remember to reach out and introduce yourself through email if you are a new volunteer and will be sending me info and articles each month for the Banner. *This way I can send a friendly reminder if you forget to submit your monthly article since you are new, and may be having too much fun with all the activities we have!*

**The deadline will be on Sunday, September 10<sup>th</sup> (no later than 5:00 PM) for articles and/or photos for the October issue. Please don't forget names, locations, dates, etc. you may have for the pictures and articles.**

Hopefully, you have already been working on your news and, if so, will be able to submit it way before the deadline.

CJ Woodman, Editor

# A Wise Investment in our Future

*Cover Story*

2008 saw much heated discussion over the need for a new clubhouse, so a committee was formed and did a great deal of work recommending plans for a larger clubhouse that would meet the needs of the people for years to come. A resident vote was taken and the decision was not to precede with a new clubhouse. Instead, a new roof was installed later in 2008.

It was also proposed that the existing electric meter backboards be replaced by an underground electrical distribution system in the park. After extensive study and debate this proposal was also defeated by resident vote.

2009 brought to light a major erosion problem at Golf View Lake. After much study and investigation, it was decided to build a retaining wall around three sides of the lake. The water was dropped to allow the contractor to install footers. No worries you avid fisherman! It was never lowered to the point that the fish were endangered. Upon completion of the wall the water level was allowed to return to normal.

Another major project was building a perimeter wall on the West side of the park going north from 53rd and west all the way to the canal. The wall was made of precast panels at a cost of \$245,000.00. It proved to be a major security device as well as a noise deterrent.

During 2010, the fire marshal visited the clubhouse and declared there must be a new voice activated alarm system this would also require new double doors on the South side of the clubhouse. These were installed.

Another major development was the sale of Heather Hills Golf Course which had been a source of concern for many years. The prospect of a low income housing complex being developed on the land was one that would lower the value of our Golf Lakes Estates. So on January 1, 2010, a privately formed corporation made up of charter members from the surrounding communities of Heather Hills, El Rancho Village and Golf Lakes purchased the course. There were 156 Charter Members who contributed around \$5,000 each, some were able to help more and some less, to the acquisition effort. Exactly half of those members were from Golf Lakes with John Bauman being a major factor in making this a reality. The \$800,000.00 raised enabled them to acquire financing and on May 25th the closing guaranteed the continued existence of the golf course. The purchase price was \$1,150,000.00. The course is now called The Greens of Manatee.

### ATTENTION NEW RESIDENTS

The Activities Committee has a **New Resident Welcome Committee** and we would love to talk to you. The Committee shares information about our Park, provides you with a voucher for a free safety vest, a "New Resident Handbook" and a Pictorial of the residents in the Park. A short interview provides the opportunity for your formal introduction to the Park. At a minimum, the meeting with the Committee results in your introduction in the Banner. A New Resident listing appears most months in the Banner. You would be surprised the number of times our new residents have found folks from their own state or even their city through the Banner introduction. At this time, the Committee is working hard to get caught up with interviews due to the large number of new residents. If you would like an "Official Greeting" to Golf Lakes, Arrangements will be made for your official welcome. *by Terry Keller*

### Key points to remember about hot weather safety

We are not as young as we used to be, so we all have a tougher time dealing with the heat and humidity. The temperature inside or outside does not have to be high to put you at risk for a heat-related illness. Headache,

confusion, dizziness, or nausea could be a sign of a heat-related illness. Go to the doctor or to an emergency room to find out if you need treatment.

#### To keep heat-related illnesses from becoming a dangerous heat stroke, remember to:

- Get out of the sun and into a cool, ideally air-conditioned place.
- Drink fluids but avoid alcohol and caffeine.
- Shower, bathe, or sponge off with cool water.
- Lie down and rest.

One mandate of the New Home Placement Committee is that we are responsible, along with the Park Manager, for determining that modifications to the exterior of existing homes shall comply with the rules as set forth by the Board of Directors. No construction of any new structure or additions to existing structures, or any painting, is to commence prior to submitting drawings and specifications to the Manager and obtaining written approval to proceed with the construction.

Regulations are in place concerning paint colors. Our committee modified the acceptable colors, and these were approved by your Board of Directors earlier this year. If you are planning to repaint, please check to be sure your color is still on the approved list. Samples of approved colors can be obtained in the Golf Lakes Office. More specifics regarding colors can be found in section VII. THE MOBILE HOME of the next issue of the GL directory.

Please help us! As you may have noticed, over the past few years we have made many improvements to our audio, and video presentations, lights, etc. in our clubhouse. Some of these are quite high tech and need people who are tech savvy to run and maintain them. Over the years we have lost some of those who did this for us; therefore, we are looking for some new people who might be interested in this to come forward as "Friends of Stage & Storage" to help us out with these tech jobs. We are quite sure that as newer residents come into the park there are more and more of them with the skills needed to give us a hand with these jobs.

These would not be excessively time-consuming duties, and we have people who are willing to explain what these are as well as get you any training you may need. The areas we are looking for are lighting, audio, power point, camera work, projection work, etc. We would be looking to welcome and train anyone interested at the start of the 2023-2024 season. We are investigating the possibility of adding to some of the things we are doing, and we would like to be sure that we have folks in place to maintain and operate the equipment for now and into the future.

So.....if any of you younger, tech savvy folks would like to help us out and have some fun doing it as "Friends of the Stage & Storage Committee" please contact either Cletus Willems or Nelson Kellogg, who are co-chairmen of the committee, or anyone on the committee and we will try to steer you in the right direction. Also, if interested, you are welcome to stop by the sound booth or contact any one of us to see what we have in equipment. You are also welcome to attend our November Stage & Storage Meeting and we will be more than happy to talk to you.

Give it some thought. We need you! *Cheryl Dunlap*

## Social Hour Short Announcements

Based on concerns about the length and content of announcements made during Social Hour, guidelines have been established to make the announcements shorter and more effective. If making an announcement, please adhere to the following for the benefit of all attendees.

1. Announcements should be no longer than 15 to 20 seconds.
2. Announcements are to inform and not to entertain – elaboration is not needed.
3. Be specific – list dates, times, cost & contact person.
4. Clarify what Board contains specific details and/or sign-up sheets.
5. Should be in a format similar to what may appear as Ch732 announcements (short & concise)
6. Announcements are for events and activities sponsored by Golf Lakes ONLY.
7. Announcements should not be made more than 3 weeks ahead of the activity or event.

If you would prefer not to attend Social Hour but have an announcement, you must legibly write it out and have someone else make it for you or drop it off to the Emcee no later than 8:50 AM that morning and the Emcee will make sure someone makes the announcement.

## GREENS OF MANATEE

The Family Friendly Course  
**Fall 2023**

Summer has flown by, vacations are about over and it is time to think about our Golf Lakes family and friends as well as great golf at the Greens of Manatee. Between the record heat and the unusual lack of rain, it was a tough spring and summer at the course. As we move into fall and early winter, the weather will improve, and golf becomes the name of the game. The course is in great shape and ready for individual and league play. As we move in the last quarter, the following is a summary of items to watch for-

**1. Golf Lakes Men's Monday Morning Golf League starts November 6th.** A meeting will be held in Clubhouse for election of officers, rules clarification, and dues collection (\$15 for the year). **Sign up for the Men's league is on Board 1.** The Greens of Manatee **women's leagues will also be starting up. Check Board 1** in the course clubhouse for information.

**2. The Saturday Scrambles** (2 per month) continue for ALL skill level players. Stop at the Clubhouse, check out the dates and sign up. The scrambles guarantee you a great time and a chance to meet new people. **The scrambles are open to all golfers and is a great event for couples.**

**3. There is still time to purchase your 2024 Annual Golf Fees.** It's a great deal for the avid golfer. If interested, **contact Tom Ladd** at the course.

**4. For All Residents -** The Greens of Manatee is open to everyone, not just golfers. The Snack Bar opens early for breakfast and they have a great selection for lunch.

The Golf Lakes Supper Club is an adventurous group that goes out to taste different cuisine around the Bradenton and Sarasota area. We are an ever-changing group because not everyone can go all the time and some people must decline certain offerings due to schedule conflicts or dietary issues. Our philosophy parallels Mae West: *"I'll try anything one time. If I don't like it,*

*I'll try it a second time to be sure."*

We shy away from large parties with long tables and prefer multiple tables of four to six nearby which allows for more conversation as we await our entrees. Early or mid-week dates lessen the chance of the restaurant being over busy.

**If you would like to join us, send an email to [raymond4919@earthlink.net](mailto:raymond4919@earthlink.net) to introduce yourself and be placed on our email list. Below is the schedule of outings for the next five months.** Once you're on our email list an invite is sent two weeks prior to proposed date.

### July's Supper Club Review - Tiramisu Ristorante Italiano in Bradenton

The house specializes in homemade pasta tagliatelle which is served in several ways. One diner chose the Tagliatelle Bolognese while another opted for the Parmigiana style, which is cooked in a Parmesan cheese wheel at the table. The lasagna is served in a Bolognese bechamel style. Unfortunately, the size of our group taxed the kitchen staff and some diners received their entrees much later than others.

### The First

Having the first Monday in September off from work was significant for American workers in 1894, when Labor Day was declared a national holiday. Working conditions in the country's factories, railroads, mills, and mines were grim. Employees, including many children, were often required to work 12 hours a day, six days a week, in crowded, poorly ventilated spaces. Supervision was harsh and punishments were handed out to those who talked or sang as they worked.

Calls for shorter workdays and better conditions came from worker strikes and rallies in the decades after the Civil War. On Sept. 5, 1882, union leaders in New York City organized what's thought to be the first Labor Day parade. Tens of thousands of labor union members—bricklayers, jewelers, typographers, dress and cloak makers, and many other tradespeople—took unpaid leave and marched with their locals. The day culminated in picnics, speeches, fireworks, and dancing.

Labor Day had become an official holiday in 24 states by the time it became a federal holiday. Labor Day parades and other festivities demonstrate the strength and esprit de corps of trade and labor organizations. They celebrate workers' contributions to the country's strength, prosperity, and well-being.

#### **3 Annoying Airline Fees and Tricks to Avoid Them**

Buying an airline ticket isn't straightforward anymore. Today there are a slew of hidden fees travelers have to pay in addition to the airfare.

##### **1. BAGGAGE FEES**

Travelers are paying around \$30 for the first bag and \$40 or more for additional bags on most U.S. carriers.

How to Avoid It: The most common way people save on checked bag fees is with an airline credit card. Almost every airline credit card includes a free checked bag for you and anybody else in your party.

##### **2. SEAT SELECTION**

If you want an aisle or window seat, or to keep your party together, prepare to pay extra on some airlines.

How to Avoid It: Don't choose a seat. Skip seat selection when purchasing a ticket. If you don't choose a seat, one will be assigned to you or ask for seating at the gate.

##### **3. CHANGE FEES**

If you need to cancel a flight or change your travel time, expect to pay a change fee.

How to Avoid It: Make changes early. There are ways to avoid this fee beyond flying with an airline that doesn't charge it.

##### **You have options**

If you've been watching on your adult son's or daughter's dime or allowing your college-age kids to enjoy programming on your account, you have some decisions to make.

Extra member. Ask the primary account holder to sign you up as an extra member or create an extra member account for your child for an additional \$7.99. The advantage: Any separate profile will live on, and ad-free streaming will continue. The disadvantage: The person on the account pays the entire bill, and the extra member can stream on only one device at a time.

New member. Become an independent account holder. Netflix with ads, the lowest price plan, is \$6.99 a month. A profile can be transferred from the existing account.

No service. Save some money until the season changes. You can sign up again when you're spending more time indoors, but your profile won't be saved.

# LOOKED UNDER YOUR MOBILE HOME LATELY?

Missing or torn insulation and vapor barrier can allow moisture, mold and mildew to build up, and provide access to insects and rodents into your home!

***Call today for a FREE Under Home Inspection***

To our valued customers;

During the current times we wanted to let you know that we are taking as many precautions as we can to ensure not only our workers safety but yours as well. We check workers' temperatures each morning and have limited the amount of contact our crews have with each other. Our crews work in Tyvek suits with respirators which helps to ensure your safety as well as theirs.

As a company, we want your business and there is no need for any contact if you so choose. Our business is deemed an "Essential Business" and we are here for you when you need us. You can schedule your inspection by calling 1-800-681-3772.

## Faith and Service

Every year it is necessary for our Board of Directors to seek candidates to fill Three (3) Open Positions.

Even if you don't think you will be a good fit for the Board, there are Standing and Operating Committees which probably have open positions. You just might be able to find a fit on one of those.

As you relax this summer, consider how you can work to benefit Golf Lakes during the 2023-24 Season.

### Outreach

Summer will soon be here, schools will be closing, and many of us will be heading north or taking a vacation. The GLW will **NOT be collecting any items for Head Start in Storage Room B until October. DO NOT TAKE ANY ITEMS INTO THAT AREA OR LEAVE BAGS WITH ITEMS.**

You may, however, save any of the following items at home and have them ready for us when we resume collections in the fall.

- Cardboard Paper Towel Rolls (not toilet paper!)
- Clean Egg Cartons (Styrofoam or cardboard)
- Empty Kleenex Boxes, flattened
- Large Detergent Bottle Lids/Caps (not bottles)
- Plastic Berry Baskets
- Plastic Square Food Containers (not Styrofoam!)
- Fronts only of Greeting Cards
- Oatmeal/Chip Containers with Lids
- Candy/Cookie Tins

The same goes for any yarn or material you may have for our nursing home projects. Hold them at home until we resume collections. Thank you for adhering to this request.

# FALL SCHEDULE

It may be hard to believe, but summer is almost at an end and it is time to start thinking about your group or activity schedule for the upcoming season. The Banner is also now accepting all articles from each group or committee – everyone from the lawn bowlers to the card players to the exercisers and all of you involved in everything in between – even if you just want to let everyone know when you will be starting your regular season. We will also start reporting game scores beginning in September so if you've been playing this summer, don't forget to turn in your scores.

Anything you want everyone to know pertaining to what is happening at Golf Lakes is acceptable. Unfortunately, we cannot report any personal functions or milestones. Nor can we advertise any non-Golf Lakes sponsored activities.
